Want your in-person meetings to take place at the office ?

When you registered, you probably configured Julie to arrange your in-person meetings at your office. If this is the case, you just have to ask her to schedule an appointment without having to specify the place.

Example : Julie, please propose my availability to Paul for an appointment next week

Have any doubts about the configured location? Go to your [Julie Desk account](#) .

Don't want your in-person meetings to take place at the office ?

If you do not want your in-person meetings to take place at the office, you have 2 options:

- Modify the location for your in-person meetings by going through your [Julie Desk account](#)
 - Specify the desired location in your request to Julie (Example: Julie, please arrange an appointment with Paul at 4 rue des Pommiers in Paris).
-
